- 100 cartons

GRANITOL MIKROTEN® BAGS

Since 1976, GRANITOL has been the holder of the MIKROTEN® trademark.

Did you know that **MIKROTEN®** comes from Moravský Beroun? Yes, that's right. Since 1976, our company has been producing HDPE films and bags under this trademark.

Microten bags are suitable for packaging goods, especially food, including their storage in the freezer. They can be used for preparing meals and heating in a water bath or microwave oven.
