# HYGIENIC DISPOSABLES FILMS

## HYGITEN®

NATURAL LOOK | EFFICIENT PACKAGING | PATENTED EXCLUSIVITY

### PACKAGING

Rolls are packed in PE sheets, placed on pallet; protected and fixed with stretch film.

### CONTACT WITH FOODSTUFFS

**Unobjectionable for health**, but not advised for direct contact with foodstuffs.

### ECOLOGY

**100% recyclable, unobjectionable for environment**, films can be deposited in dumps or combusted – no harmful substances appear.

### HYGITEN® OkV

#### Application

- ▶ production of hygienic goods
- ▶ high speed welding and packaging

#### Execution

- ▶ matt surface

#### Dimensions

- ▶ width 80 – 1600 mm
- ▶ thickness 0,015 – 0,040 mm

#### Cores

- ▶ with inside Ø 76 mm and 152 mm

#### Outside Winding Diameter

- ▶ max. 500 mm depending on width

#### Roll Weight

- ▶ do 500 kg depending on width

#### Surface Treatment

- ▶ corona treatment
- ▶ white colour

### HYGITEN® OkB

#### Application

- ▶ production of hygienic goods
- ▶ high speed welding and packaging

#### Execution

- ▶ matt surface

#### Dimensions

- ▶ width 80 – 1600 mm
- ▶ thickness 0,015 – 0,030 mm

#### Cores

- ▶ with inside Ø 76 mm and 152 mm

#### Outside Winding Diameter

- ▶ max. 500 mm depending on width

#### Roll Weight

- ▶ do 500 kg depending on width

#### Surface Treatment

- ▶ corona treatment
- ▶ print
- ▶ various colours

### HYGITEN® OkV

Films **HYGITEN® OkV** are chosen for production of sanitary towels as outside layer (BS – back sheet) and other hygienic products, such as pampers and disposal incontinence utilities. Matt surface gives an impression as a “non-plastic” product.

### HYGITEN® OkB

Films **HYGITEN® OkB** are specially developed as packaging films for individual packaging of sanitary towels (SW – single wrap films). The film is suitable due to outstanding properties at mechanical stress also for other sectors where high speed welding and packaging is needed.

This product was awarded the prize “Package of the Year”.

### PROPERTIES ENSURING COMPETITIVE ADVANTAGE

- outstanding peel effect of welded packages (HYGITEN® OkB)
- naturally matt surface
- outstanding mechanical properties
- unique properties of this product are protected by international patent application number 301930
